

TECUMSEH PUBLIC SCHOOLS

Thank you for supporting TPS learners through career exploration!

Tecumseh Public Schools is committed to creating learning experiences that prepare our learners for life. Dynamic changes in almost all aspects of life in the 21st century have redefined what learners need to know, be able to do and “be like” in order to be successful adults.

It is our vision that learners will be inspired and empowered for life and equipped to be successful in the world they encounter beyond the classroom - and we’re seeking the community’s support.

Businesses and organizations can support career exploration by providing:

- classroom presentations
- career expo participation
- job shadowing
- apprenticeships
- mentorships
- volunteer opportunities
- employment
- creation of Learning Laboratories

This collaborative program supports the state’s Marshall Plan for Talent and the TPS Strategic Vision by engaging stakeholders to develop partnerships with higher education, skilled trades and apprenticeship opportunities.

Tecumseh Public Schools is a dynamic learning community taking BOLD steps to ensure all learners are inspired and empowered for life. The TPS educational model supports the creation of customized learning paths through personalized learning, and project- and competency-based learning to provide opportunities for all learners to work at their own pace on engaging projects that address real-world problems. More online:
www.michigan.gov/ted

Michigan is facing a talent shortage across multiple industries, with an estimated 811,055 high-demand career openings through 2024.

The Marshall Plan for Talent is transforming Michigan’s talent pipeline and redesigning the ways we invest, develop and attract talent in our state through a \$100 million investment in:

- increased career exploration
- the evolution to competency-based learning
- business and education collaboration
- the creation of multiple pathways to employment

Thank you for helping to ensure TPS learners receive the best education and training available to prepare them for their future careers.
