Evaluation of student performance through quantitative data analysis

3<sup>rd</sup> Party Opinion Survey of TPS Parents, Teachers, Administration and Staff

- Interviews have been scheduled with BOE and start this week to synthesize their election platforms.
- All documentation related to the original Strategic Design has been gathered and is under review.
- Student Performance Data Analysis will launch this week. The focus will be to evaluate standardized test results over a several year period (NWEA, M-Step, SAT, etc.).
- We are receiving the finalized proposals for the 3<sup>rd</sup> party research firm to conduct the surveys.
- Committee application submissions are due February 11<sup>th</sup>.
- Based on staff discussions within the district, we will add 1 administrator and 2 teachers to the selection committee that will make the recommendation to the BOE for membership.
- Still searching for original peer reviewed academic research concerning Mass Customized Learning. Project Based Learning research is available.
