

Phase I

Phase I

Synthesize Platform to which the School Board was elected.

Best Practice Evaluation based on quantitative data analysis and credible research

Evaluation of student performance through quantitative data analysis

3rd Party Opinion Survey of TPS Parents, Teachers, Administration and Staff

General Notes

- All interviews have been **completed** with the BOE.
- All documentation related to the original Strategic Design has been gathered and the review is **completed**.
- **Student Performance Data Analysis is underway** by two individuals from our High School Math Department.
- Workshop March 2nd for the **survey design with the selected party**, Jason Young, PhD, Director of Institutional Research, Sienna Heights University. We are targeting to release the surveys shortly after the workshop.
- **Committee membership** will be **posted during CW 9** on the Public Website. We will release the further details on the website.
- We will visit **other educational institutions** in the upcoming weeks for a reference point.

Phase III

Phase III

Curriculum and
Assessment Committee

Communication
Committee

Facilities and
Maintenance Committee

Finance Committee

Human Resources and
Policy Committee

Technology Committee

Athletic Committee

Key points for the committee:

- Committees are structured and will be lead by **one Member of the School Board.**
- At least **one superintendent** will be assigned to each committee as a facilitator.
- Topics are not random but are generated out of the **requirements of Phase I for strategic redesign.**
- **All proposals** from each committee are presented to the School Board as a **recommendation via the Superintendent** assigned to that committee.
- Committee meetings will be **open to the public** and they will have the ability to comment.
