Your contribution of the above supplies is greatly appreciated beyond measure. Please know that we are starting the school year under exceptional circumstances and some of these items would not normally be asked for. It is our goal to keep everyone safe and healthy, therefore materials, tools and other classroom supplies will not be shared amongst students or any others. There may also be a time in which students may need to start with fresh items or their supply of a certain item(s) may need to be replenished. It is my hope that replenishment will not need to happen, but if your child is in need of something for their own personal use I will let you know.
